Dear Parents/Carers,

It has been another busy half term so far, with many activities for parents and children. Year 1 have enjoyed a number of visits from people who help us in the community and have thought of some very good questions to find out more about the jobs they do.

There have been some fabulous Science activities going on across the school and in our Science Lab. Year 5 and 6 children have been working hard and having lots of fun in the new STEM (Science, Technology, Engineering and Maths). All children will receive the award at the end of the STEM club programme. We are all looking forward to Space Week!

Space Week - Monday 27th March - Friday 31st March

Next week we are taking off! All children have been lucky enough to receive their very own 'Space Diary' which they will be completing during this week and into our Summer term.

Each Space Diary is filled with a broad range of cross curricular activities, all with a Space theme. These diaries are funded by the Tim Peake Principia project (ESERO-uk) and have been written in partnership with Lucy Hawking and Claire Loizos. On Monday, we have asked all children to come in dressed in a space themed outfit, so perhaps an alien, an astronaut or even a planet! For more information on the project, or to explore some of the further activities and videos in your own time, please visit <http://principiaspacediary.org/> - all the resources are free to download. We hope this project will inspire some future space scientists, engineers and astronauts!

Friends of Broadlea

The Friends of Broadlea organised a super Fish & Chip Supper and Beetle Drive on Friday evening. It was a fabulous evening for all members of the family and, from what I could see; it was thoroughly enjoyed by all! Thank you to all the Friends of Broadlea for their support!

Reception Team Wish List

Reception team have been working very hard – including during the weekends – to develop the Early Years areas, both inside and out. It is looking fabulous! Thank you to Mrs Hinkley and the team for all their hard work. In order to continue developing the learning environment, they would like to ask if you have any of the following items 'lying around' at home that you may like to donate for us to use at school:

- Guttering, bricks
- Old saucepans, baking tins/trays,
- Tarpaulin
- Wooden utensils – spoons, spatulas etc.
- Metal utensils – whisks, ladles, colanders, sieves, metal cooling racks, tins etc.
- Sheets or blankets
- Old mobile phones or house phones
- Old tents (poles not required – we just require the material)
- Ice cubes trays, plastic bowls, funnels etc.
- Buckets – metal or plastic
- Plumbing pipes/tubes, hoses

- Scarves, handbags, purses, long skirts and dresses, jewellery (bangles and beads)
- Binoculars
- Wallpaper and anything similar to the list above.

All donations will be greatly received!

Broadlea Book Week

Broadlea Book Week was simple brilliant! The whole week was a huge success with children enjoying different activities every day. The purchases from the Scholastic Book Fair have resulted in the school receiving £700 worth of books for the school and the library! We were all extremely impressed with the enthusiasm and effort that went into the children’s costumes on dress up day. They really enjoyed guessing the different characters and talking about their favourite books. Congratulations to our costume winners: Ruby, Sophie, Finley and Matthew.

On jumbled up day, it was a pleasure to see Years 3, 4 and 5 working together. Miss Gough and Mrs Loizos loved seeing the excellent imagination used to create their own Flaminals and Marvellous Medicines. Mr Fackrell said children found the funny words, riddles other activities very enjoyable.

In Reception, the children particularly enjoyed Wednesday when Year 3 went down to their class to read with them – they bought their own books too! Jumbled up Thursday caused great excitement as the children read 6 books with 6 different adults during the day. There was lots of colouring, cutting and sticking. Reception used the ‘Where’s Wally’ challenge as an inter-house competition with Bembridge winning. Well done!

We look forward to sharing many more activities with you and are looking at how we can do this through social media – we will share our ideas with you over the next two weeks.

Kind regards,
Mrs Sharon Freeley
Head Teacher

Amazing Attendance!

Week end:	10th February	17th February	3rd March	10th March	17th March
Early Years & KS1	Starfish, Seahorse	Seahorse	Penguin, Dolphin	Starfish, Octopus, Seahorse , Dolphin	
KS2	Diamond, Emerald , Sapphire, Mercury, Neptune, Saturn, Jupiter	Emerald, Neptune	Emerald , Ruby, Mercury, Venus, Neptune, Saturn, Jupiter	Sapphire, Mercury, Neptune	Diamond, Sapphire , Mercury, Neptune, Jupiter

Classes achieving an attendance figure of 96% or more receive a bonus certificate in Celebration Assembly. The class with the **highest attendance** also receives an additional bonus. The children are busy collecting bonuses so that they can swap them for their chosen rewards.

Whole school Attendance target:

Whole school attendance for this year to date:

We are delighted to let you know that, working in partnership with the British Heart Foundation, we now have a defibrillator at the school for the benefit of school users and the general public.

The defibrillator is safely stored in the cabinet at the front of the Key Stage 2 block by the main gate and available for use in an emergency.

We hope that we never have to use it but if we do, it is an amazing piece of life saving equipment that is very simple to use.

<http://www.heartsafe.org.uk/AED-Locations> will tell you the locations of defibrillators in the country.

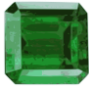

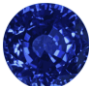

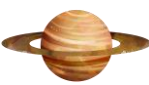

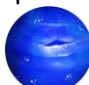

GOLD AWARDS

Congratulations to everyone who has received their second Gold Award and thank you parents for keeping the surprise until the morning of the assembly! We hope you have enjoyed the Celebration Assemblies as much as the children have loved having you attend.
